

The Competitive Edge “Green Store”

NEW PRODUCT
ANNOUNCEMENT

NOVEMBER 2009

RESPONSIVE DATA SYSTEMS

Add “Green Store” to Competitive Edge POS.

Go “Green” and Save

- *Eliminates Pre-printed Invoices*
- *Captures signatures for Credit cards, Invoices, etc.*
- *Converts POS documents to PDF*
- *Stores Images*
- *Inquires and email from any Register or PC*

Responsive Data Systems announces the immediate availability of an imaging and document management add-on for Competitive Edge POS software. You should consider this module if you would like to accomplish any of the following:

- Reduce paper handling and error-prone manual processes
- Reduce paper storage
- Reduce lost documents
- Eliminate the cost and storage of pre-printed forms
- Access POS information faster
- Get online access to

information that was formerly available only on paper

- Improve control over documents and document-oriented processes
- Streamline time-consuming business processes
- Security over document access and modification
- Provide reliable and accurate audit trail
- Improve tracking and monitoring
- Eliminate filing of POS receipts and invoices

The Best Things in Life are “Green”

What does the RDS “Green Store” do?

The “Green Store” module seamlessly integrates with Competitive Edge POS to capture any combination of receipts, invoices, and orders. The “Green Store” module converts POS invoices and receipts into

PDF documents, complete with form templates and electronically captured signatures. The “Green Store” module indexes and stores the documents for future inquiry, emailing

or printing. Eliminating printing and filing produces labor and paper savings while being “Green”.
